- (2) That potted trees placed on or in said sidewalks or sidewalk areas as authorized by Section (1) shall not overhang said sidewalks or sidewalk areas at an elevation of less than seven feet and shall not extend beyond the curb line at an elevation of less than nine feet.

The public works director-city engineer shall give consideration to the following factors in granting such permits and shall not grant the same unless he finds that to do so would not be detrimental to the public interest:

- (a) Width of sidewalks, or sidewalk area.
- (b) Type of tree, shrub, or vegetable growth.
- (c) Location of parking meters, light standards, crosswalks, buildings, entrance and exit ways, streets, underground utilities, utility poles, alleys, loading zones, and other physical conditions and legal restrictions then existing or reasonably contemplated.
- (d) Traffic count.
- (e) Purpose of applicant.
- (f) Any other factors found by him to be relevant.
- (g) Size and type of containers if containers are used. The public works director-city engineer shall designate in the permit or in an exhibit attached thereto the areas in which plantings shall be allowed, the type of plantings allowed, and any other condition or restriction that he deems necessary or expedient to protect the public interest.

- (4) Each person, firm, or corporation planting, growing, or maintaining trees, shrubs, or vegetable matter under permit as herein provided shall comply with and be subject to the following general conditions and restrictions:

 - (b) The permit shall be non-transferable without prior written approval of the public works director-city engineer.
 - (c) The permit shall be revocable at any time with or without cause at the pleasure of the city council and city manager, and no expenditure of money, lapse of time, or any act or thing shall act as an estoppel against the city of Astoria or be held to give permittee or the owner of any property any vested right.
 - (d) The installation and care of such plantings shall be at the sole cost and expense of the permittee without cost to the city, and the sidewalks and sidewalk areas in the vicinity of the plantings and the structure served thereby shall be maintained in a good state of repair and maintenance at the sole cost and expense of the permittee. Such trimming repair and maintenance shall be performed annually or more frequently, as may be determined by the public works director-city engineer.
 - (e) At the expiration or termination of the permit, the permittee shall forthwith remove any and all plantings and vegetable matter from the area at its own sole cost and expense and place the sidewalk in said area in a good condition of repair.
 - (f) That the permittee shall indemnify and save the city of Astoria, its officers, agents, officials, and employees harmless from any claim or award for damages or injuries to property or persons, including costs and attorney's fees, allegedly arising in whole or in part out of the use, occupation, or disruption of sidewalks or sidewalk areas by said permittee or those acting on his behalf or with his approval or ratification, or allegedly arising in whole or in part out of the failure by the permittee to abide by the terms of this ordinance and said permit.
 - (g) That the permittee shall remove, replace, or relocate individual plantings or vegetable growth as the public convenience or necessity warrants and at the request of the public works director-city engineer.
